

# HOOSIER VILLAGE

## Educational Guided Tour of RDM Shrimp Farm, Fowler, IN

Join us for an interesting and educational presentation and guided tour of the RDM Shrimp Farm in Fowler, Indiana. The Shrimp Farm was started in 2010 with their first batch of larval shrimp. They were the third privately owned shrimp farm in the country. Originally they had a 40% survival rate and now reach 70% to 90% or more. They started with 8 tanks and now have 36 tanks. They were featured on WRTV6 and you will experience a power point presentation and a hands-on guided tour of the operation. If you are interested they offer training on becoming a shrimp farmer.

Bring money for lunch and a snack on the way home, plus money to purchase shrimp after the tour. Your account will be billed \$5.00 per person for the guided tour. No Refunds.

**Friday, September 13<sup>th</sup>**

**Depart 9:30 a.m., Return 6:00 p.m.**
